### DESCRIPTION

The 2019 KTM Duke 790, often referred to as "The Scalpel," is a high-performance naked bike designed for agility and precision. Powered by a 799cc parallel-twin engine, it delivers an impressive 105 horsepower at 9,000 rpm. This model features a lightweight chromium-molybdenum steel frame, enhancing its maneuverability and stability. The Duke 790 is equipped with advanced WP suspension, including 43mm upside-down front forks and a rear shock absorber with preload adjuster. Its braking system includes dual 300mm front discs and a single 240mm rear disc, both with Bosch 9MP ABS for superior control. The bike's sleek design is complemented by a comfortable seat height of 825mm and a dry weight of 169 kg, making it both nimble and powerful.
